

TALK LESS, SELL MORE!

Service & Repair Explanations Made Easy

Informed Buying Decisions.

"Today's sophisticated, value driven consumers make informed buying decisions. If you present your customers with clear and concise information about a recommended repair, they are far more likely to give you the go-ahead."

Why Vehicle Visuals?

- Removes technical language barrier
- Promotes transparency and trust
- Increases service customer satisfaction & retention
- More customers say 'yes' to your repair recommendations
- Sells more parts & labour
- Increases workshop profit.

Vehicle Visuals Features

- Email and SMS animations to customers
- Printable pdf explanations to attach to invoices and written quotes
- Play animations on waiting room TV screens
- Use animations on websites and Facebook pages
- A library of over 400 animations on the web, covering engine, cooling system, steering & suspension, tyres, transmissions and more...
